

Top 3 2 News Items and 1 FAQ!

1. The team has been very active in preparing to move critical data into the new system. It is imperative that this process be done carefully and with precision to protect the integrity of the data. The team is on it!
2. 62 people have now completed an ADKAR* survey. People are most concerned with attaining the knowledge that they require for the change to be successful. This will be addressed with our training program that will be launched in due course.

FAQ- I have heard mention of self-service, what does this mean?

Answer- Self-service is an aspect of the new system that allows individuals to access important information they need. This will include, among other things, scenario planning for students. For faculty and students particularly, this will be the primary interface to Colleague.

New Feature: Video

Listen to members of the steering committee discuss how they feel the new system will improve life at Acadia
