

## Top 2 News Items and 1 FAQ!

1. One of the important roles of the steering committee is to assess and manage risk to the project. Clearly the COVID-19 virus has presented a challenge, as it has for our everyday lives. The committee is working hard to assure that the impact of this pandemic to the project is minimized, while doing what is necessary to help keep people safe.
2. Some of the workshops scheduled may need to be postponed or done virtually due to current travel restrictions so we will update you as these happen to ensure that you have the most up to date information.

**FAQ-** Who is working on this new system?

**Answer-** There is a project team of 6 people and a steering committee of 7 people. The steering committee meets every 2 weeks to ensure that the project is meeting milestones of progress. Please visit our [website](#) to get more information on the 2 groups.

## New Feature: Video

Listen to members of the steering committee discuss how they feel the new system will improve life at Acadia
